

JOHNSTONE UNIVERSITY

Training for the HVAC/R Professional!

ecovent ZONING CLASS

Introducing a brand new home wireless room-by-room zoning system, controlled from a smartphone.

Works in any home with a forced air system and internet access!

Ecovent's system of room sensors and registers are directed by the Control Hub to monitor room climate and control airflow throughout the home, keeping homeowners comfortable and HVAC equipment safe.

Learn all about how the Ecovent system is:

Easy to Install: Battery powered registers; Control Hub for power source & Wi-Fi router; Room sensors use existing outlets.

No Wiring Dampers: No wiring or electrical work needed; No cutting into ducts or sheet metal; Any HVAC tech can install.

No Configuration Needed: Registers and room sensors self configure upon installation; Link registers & room sensors to the Control Hub through the app; Connects to smart thermostats using the home's Wi-Fi.

Homeowner Benefits: Room-by-room temperature control keeps the whole family comfortable; Get rid of rooms that are too hold or too cold; Free software updates for life ensure customers have the latest features.

INSTALL ROOM-BY-ROOM ZONING IN AN AFTERNOON - FOR LESS THAN HALF THE TRADITIONAL PRICE!
